IDAHO SOLONS SMITE HEYBURN

Resent Letter Criticising Them
for Urging Popular Election
of Senators.

STATE SENATE SNUBS
HIM IN RESOLUTION

Supreme Court Sustains New
Law for Two Judges in
District.

Special to The Tribune.

BOISE, Jan. 27.—Heyburn, the junior senator from Idaho, received two heavy blows from the Idaho legislature today. The first was when Senator Worth Lee of Elmore moved notice that on tomorrow, and prior to voting on a \$12,000 appropriation for the purchase of "Heyburn" park in north Idaho, he would, for the benefit of future generations, introduce a motion to change the name of the park from "Heyburn" to "Dixie." Lee, a Tennessee Republican and is in earnest.

The second was when MacBeth of the senate and Galloway of the house each asked for the adoption of a resolution requiring Secretary of State Gifford to forward to each body the original letter of acknowledgment by Senator Heyburn of the senate and house joint resolution asking Idaho's delegation in congress to support all measures looking to the election of senators by direct vote of the people.

The house adjourned during the mixup over the resolution, but the senate adopted it unanimously.

Senator Heyburn in his letter declared against the election of senators by direct vote and criticized the Idaho legislature for adopting the joint resolution.

This is the fifth consecutive legislative assembly in Idaho which has adopted a resolution asking the Washington representatives to support the popular election of senators.

The supreme court today sustained the new legislation providing for two judges in one district. The effect of this decision will probably mean an extra judge for the Fourth and Eighth districts, and secures to the newly-appointed Judge MacLennan his term of office in the Third district.

The house today in its session has introduced a hundred and eighty-eight bills, twice as many as any previous legislature has introduced in the same length of time. Of these, they have passed less than a dozen. The third house and newspaper have been about decided to dub this legislature the "elusive eleven."

The senate today, in committee of the whole, passed the Idaho Falls division bill, with a change of name of the proposed new county from "Snake River" to "Bonanza," only six votes opposing.

PROVO MEN FLEECE BY A TALL TALKER

Stranger Tells Adroit Stories,
Gets Much Cash and
Then Flees.

Special to The Tribune.

PROVO, Jan. 27.—The sheriff of Utah county and his deputies have been asked to locate and arrest a man who called himself A. E. Bray, about 25 years of age, and who came to Provo December 17 and registered at the Hotel Lamar from Salt Lake City, but said that he was from California and that he represented some furniture company.

As a result of the adroit stories he told he was permitted to live at the hotel until his bill ran up to \$60, and during this time Bray succeeded in getting from several business men and other amounts ranging from \$2 to \$20.

Mr. Bachman, manager of the hotel, pressed Bray for a settlement of his bill, and Bray, to be obliging, went to the Provo Commercial & Savings bank and drew on a Panama, Cal. bank for \$15 and instructed the cashier in the Provo bank in the presence of Mr. Bachman, to pay Bachman \$60 of the money when it came. The draft was returned with a "no funds" indorsement, but Bray was gone.

After Bray's departure from Provo the officers here received a letter from the Caxton Printers, Limited, of Caldwell, Idaho, offering \$25 reward for information which would lead to the arrest of Bray. The letter accused Bray of embezzlement and directed that the sheriff's office at Twin Falls, Idaho, be communicated with when Bray was arrested.

OGDEN DEPARTMENT PLAN CHAUTAUQUA FOR SUMMER DAYS

Permanent Office, 364 24th Street. Tel. Phones 664. Office Hours—8 a. m. to 10:30 a. m.; 6 p. m. to 8 p. m.

Probable That Educational Convention Will Be Held in Ogden Canyon.

Special to The Tribune.

OGDEN, Jan. 27.—That Ogden City will be privileged to hear some of the leading lectures engaged in educational work in the United States at a Chautauqua assembly next summer, is apparent from the action already taken by the Ogden Chamber of Commerce.

Several days ago General Manager Alfred Flude of the Chautauqua Managers association of Chicago wrote the Chamber of Commerce that arrangements had already been made and contracts signed for the holding of assemblies in California and Oregon during the present year. As Ogden had not been included in the itinerary, but is on the route to be covered by the educators, the general manager earnestly requested to have your manager arrange for meeting at Ogden, Utah. Wire and write.

In the office of J. J. Brummitt, the chairman of the committee from the Chamber of Commerce appointed to take the matter up with some of the leading educators of the city, a meeting was held this afternoon, when it was decided that the chairman be authorized to wire the Chautauqua association at once. Accordingly, the following telegram was sent:

"At business men's meeting, we were earnestly requested to have your manager arrange for meeting at Ogden, Utah. Wire and write."

Attending the meeting of the Chamber of Commerce committee were: Chairman J. J. Brummitt, Rev. F. V. Fisher, Rev. H. D. Zimmerman, Rev. P. M. Cushman, Prof. H. H. Henderson and S. S. Smith.

It is expected that the Chautauqua sessions will be held at one of the hotels in Ogden canyon next summer. The following committee was appointed to meet the Chautauqua manager upon his arrival at Ogden and arrange for a meeting here: J. J. Brummitt, Rev. P. V. Fisher, S. S. Smith, Rev. H. D. Zimmerman, Prof. H. H. Henderson, Rev. J. E. Carver, D. O. McKay, Dr. E. G. Gowan, Prof. D. O. Cross, Rev. F. G. Brainerd, Prof. C. Smith, Dr. E. P. Miller, Rev. W. W. Pliswood, Mayor William Glasman, H. H. Griffith, A. L. Brewer, R. H. Dye, J. W. Bailey and Frank M. Briggs.

ENLARGE GAS PLANT.

Pintch Works at Ogden Will Increase Capacity.

Special to The Tribune.

OGDEN, Jan. 27.—Upon the arrival of material necessary in the enlargement of the Pintch gas works, in the northern part of the city, work will immediately begin to increase the capacity of the plant. Because of a change in the method of manufacture, it also became necessary to change the entire equipment at the plant. Before this change was made gas was manufactured at the local plant by the old method requiring the use of iron retorts. The plant has already been changed to the low pressure generative system, and the latest method of manufacturing gas. A further enlargement of the plant will increase the capacity to 250,000 cubic feet of gas every twenty-four hours.

The gas made at Ogden has been used for years in lighting all the passenger coaches of the Harriman and Gould lines. It is planned to ship gas in especially constructed cars to Salt Lake and other points for similar use when the enlargement of the plant is completed.

STILL ACTS STRANGELY.

Alleged Forger, Either Insane or Is an Excellent Actor.

Special to The Tribune.

OGDEN, Jan. 27.—John McDermott, bridge room freight conductor and alleged forger, is awaiting trial at the county jail. His peculiar actions, which became noticeable shortly after his arrest, has resulted in much speculation as to his sanity. Twice he has been arraigned before District Judge Howell for failure to answer the formal questions, except with occasional incoherent umblings.

Deputy sheriffs say he is shamming insanity, to escape the consequences if he is convicted. A board of lunacy was to have examined him, but the court decided that the jury in the district court, in passing on the forger's charge, should accept a plea of insanity in explanation of his alleged offense.

McDermott flooded the city with spurious checks on the day of his wedding, and was arrested a few hours after the marital knot had been tied.

LIKE COMMISSION PLAN.

Mayor and City Councilmen of Ogden Discuss the New Measure.

OGDEN, Jan. 27.—Mayor William Glasman and members of the city council held an informal meeting in the mayor's office today to discuss the new commission form of government for municipalities, as provided for in a bill now before the legislature.

The mayor and most of the councilmen expressed themselves as favorable to the plan.

A meeting will be held at the Weber club tomorrow night, at which the members of the legislature from Weber county will be present.

MATERIAL IS DELAYED.

Failure to Arrive of Steel Interrupts Improvements on Line.

Special to The Tribune.

OGDEN, Jan. 27.—But for a delay in the arrival of material to be used in the crossing over the Oregon Short Line tracks near Harrisville the Ogden Rapid Transit company would have been running its cars over the Harrisville cut-off several days ago.

All of the track has been laid with the exception of the crossing. The material to be used in the crossing was shipped January 3, but has not yet arrived. By using the cut-off the Rapid Transit company will avoid the heavy grade at Pleasant View on the Brigham City line and will be able to make the crossing between Ogden and the Peach City in one hour.

Whether the interurban electric line will make certain connections in Bridgeham City is wholly dependent upon the action of the town council regarding franchises over certain streets which are being sought by the Oregon Short Line Railroad company.

RAILROAD ASKS VERDICT.

Southern Pacific Offers No Testimony in Kyne Damage Suit.

Special to The Tribune.

OGDEN, Jan. 27.—By interposing a motion in the case of the Southern Pacific Railroad company, the jury to bring in a verdict in favor of the Southern Pacific Railroad company, the trial of the damage suit brought by Nora Kyne came to an abrupt end in the district court this afternoon.

When the attorneys for the little girl had examined the evidence, counsel for the railroad company announced that no testimony would be offered by the defense. Instead a motion for a directed verdict was made. Judge Howell adjourned court until tomorrow morning at 10 o'clock, when arguments will be heard on the motion.

Little Nora Kyne is seeking \$25,000 damages for the loss of a foot, the result of a railroad accident at Lakeide a year ago.

TO CONCENTRATE ORE.

Company Organized at Ogden to Operate a Patent Just Issued.

Special to The Tribune.

OGDEN, Jan. 27.—For the purpose of concentrating the ore in the Ogden district, the Ogden Dry Ore Concentrator company has been organized, with a capital stock of \$10,000 and shares at \$1 each.

The company will take up the patent on a dry ore concentrator issued by the United States government to George F. Tomlin, and turned into the company in full payment of 4000 shares of stock.

The officers are: George F. Tomlin, president; Dennis E. Gleson, vice president; William F. Rudiger, secretary and treasurer.

Innocence Is Proved.

Special to The Tribune.

OGDEN, Jan. 27.—Charged with petit larceny because he undertook to sell an old motor found in the railroad yards, H. R. Hutton, a well known switchman employed by the Harriman railroad lines, fully established his innocence of any wrongdoing in a court this morning. The jury promptly discharged him.

Hutton proved that he took the motor in plain view of other railroad employees, and that he had no intention of disposing of it for \$2, and that he made no effort to conceal his actions nor did he know that it was railroad property.

Petition for Letters.

Special to The Tribune.

OGDEN, Jan. 27.—Alexander Huss, George Huss and Kate Huss, bloodgott children of the late Josephine Huss, have filed a petition in the probate division of the district court asking the appointment of a guardian for the administration of the estate. Mrs. Huss died at Ogden, December 19, 1910, leaving personal property valued at \$3150 and realty valued at \$6000.

Robbery Is Charged.

Special to The Tribune.

OGDEN, Jan. 27.—Leonard Robertson, a negro, known as "Honey Bug" was charged with robbing a mail train on Sunday. In an information filed with the county clerk by District Attorney Nathan J. Harris, Robertson was charged with the robbery of a mail train on Sunday, January 22, 1911, after his arrest. A watch valued at \$25 and a pair of shoes were found on Robertson at another negro and has not yet been recovered.

Non-Support Alleged.

Special to The Tribune.

OGDEN, Jan. 27.—For the past year Edward H. Houdyshell has failed to provide the necessities of life for his wife, Fannie Houdyshell, according to a complaint filed by her last afternoon. Mrs. Houdyshell says they were married at Denver, November 24, 1903. Since her husband failed to provide for her, she says she has been compelled to work for her own living.

Accident to Dummy.

Special to The Tribune.

OGDEN, Jan. 27.—Traffic over the Plain City line of the Ogden Rapid Transit company has been crippled because of an accident to the "dummy" engine used to haul the coaches to and from the little city to the north of Ogden. As the engine was being taken out for the last run last night the axle of a front wheel broke.

Company Takes Broad Field.

Special to The Tribune.

CASPER, Idaho, Jan. 27.—County Clerk Bohman has received a letter from the directors of the Watagua Development company. The articles describing the proposed development of the place of business of the company, and appoint A. C. Dennis as their Emery county agent. The capital stock of the company is \$300,000, divided into 3000 shares of \$100 each. The business for which they have incorporated includes everything connected with the development of the place, including the mining of gold, silver, copper, etc., which could be in any way connected with the development of the place.

The incorporators are P. Welch, A. C. Dennis, Ed. White, E. M. Brown and O. J. Peterson, all of Spokane, and Mr. Dennis, who has charge of the drilling at Watagua. This is the company which put in the first derrick in the area, and is the first derrick since last spring to the south and east of Emery. It has a well of the old line of the oil should be tapped.

Postoffice for Odd Fellows Hall.

Special to The Tribune.

TOOELE, Jan. 27.—Senator Sutherland has telegraphed the local Odd Fellows lodge at Tooele, Utah, asking them to sign a contract to rent the lower part of the proposed Odd Fellows hall building for a period of ten years for the use of the Tooele postoffice.

The building is to cost \$10,000. Work will begin shortly. It is planned to have the building completed within six months.

Another Pioneer Gone.

Special to The Tribune.

EMERY, Jan. 27.—William Milo, one of the oldest residents of Emery county, died at his home during the week from old age and general debility, following an illness of only a few days. Mr. Milo was born in England, June 3, 1825. He embraced the Mormon religion in his early days and shortly afterward emigrated to Utah. He made his home in Mayfield, where he lived for some time before he removed to Emery.

Wedding and Funeral.

Special to The Tribune.

EPHRAIM, Jan. 27.—Yesterday afternoon County Clerk O. J. Ellison issued a marriage license to J. A. Smith, aged 35, and Sophia Jensen, aged 48.

Funeral services over the remains of Herman P. Nelson, one of the aged residents of this city, were held yesterday afternoon in the North Ward schoolhouse, Bishop C. R. Dorius taking charge.

SPIRIT MAN AWAY TO PREVENT LYNCHING

GUYMON, Okla., Jan. 27.—News was received tonight from Canadian, Tex., that H. T. Fifer, a rancher of Hansford county, was brought there today in the custody of deputy sheriffs and United States marshals, who had spirited him away from Hansford to prevent a mob from lynching him for having killed Sheriff R. E. Martin.

The killing occurred last night, when Martin accompanied the United States marshal from Amarillo to arrest Fifer for having disobeyed a federal court order. Fifer, it is said, hid behind his barn and as the sheriff and the marshal drove into his yard he opened fire with a shotgun, Martin receiving a charge in the stomach. He died in a few minutes.
